

Touch and Go

**A NEW CROSS-COUNTRY FLIGHT DESTINATION
WITH SOME SPECTACULAR SCENERY**

Recently, I flew with Robert and Patricia Guy to their favorite restaurant to celebrate their 39th wedding anniversary. We flew down the Corridor along the spectacular Manhattan sky line and past the Statue of Liberty. Some 2 hours later, we reached Pottstown Municipal Airport, a well-maintained G.A. airport in the hills of PA.

Tom and Angie Noetzel, the fixed-base operators at TNT AIR offered us free mineral water, and a complimentary car to drive to the favorite restaurant (Joe Yoffe's RED LOBSTER) and Joe, the lineman, topped our PA28R-200 off for "only" \$ 5.20 a gallon. Everybody at this airport, including Airport Coordinator Raymond Bechtel, was very friendly and helpful. We can highly recommend this airport to every body as the next cross-country destination.

Henri Gautschi, Lincoln RI (SFZ)

ATLANTIC FLYER

Our Mission

The Atlantic Flyer newspaper strives to be the "Voice of the General Aviation Community." We are committed to publishing news and topics of interest to our readers. We promise to publish articles that provide information, education, and entertainment. We strive to produce a paper that enhances an advertiser's message.
