

CTLS

The Flight Design **CTLS** is the new version of the best selling **CT** designed specifically for American pilots. The **CTLS** has more comfort for long flights, a more spacious cabin and is very easy to fly. What Flight Design didn't change is the class leading performance that has made the **CT** famous.

But don't take our word for it, go to FlightDesignUSA.com, find a dealer near you, and arrange a demo flight.
